- Black, solid G10 milled handle creates a secure, all-conditions grip.
- Full-tang, differentially heat-treated blade that can bend up to 90 degrees without fracturing.
- Black textured powder coat that provides an ultra-tough coating along with excellent corrosion resistance.
- Blade cut from reclaimed vintage sawmill blades for superior capability that's also environmentally friendly.
- Skeletonized Kydex sheath comes in Dark Flat Earth and O.D. Green, and features a comfort belt clip, an adjustable, webbed nylon leg strap, and a custom-designed quick thumb lock-and-release mechanism.
- Webbed nylon jump strap snaps around the handle for an extra secure carry.
