

## Snap Shot Site

Patented design quickly snaps on most shotgun, revolver, or muzzle loader barrels. Instant target acquisition, if it's in the sight it's history. Improves accuracy by forcing the gun up and your head down similar to scope but quicker. Enhances any existing sight system or works great alone. Does not matter if it's a vent rib or smooth barrel. Great for youth hunters as well as helping experienced hunters get off quicker more accurate shots. Great for turkey, waterfowl, pheasant, varmint, big game, and even self defense. Available in 12 or 20 Gauge versions.
