

Beretta U22

TOTALLY NEW.

Designed and manufactured in the USA, the new U22 Neos semiautomatic pistol is a single action, 22LR caliber firearm. Designed for the entry level pistol shooters, it is ideal for training and plinking but can be adapted to the advanced shooter's needs. Despite being richly accessorized, the Neos is on the

market at an affordable price.

COOL DESIGN.

In the unmistakable design and style of Giugiaro. The valuable collaboration between Beretta's engineers and noted Italian designer continues to fruition. The sleeker and ergonomic U22 Neos with its captivatingly designed gun case is guaranteed to appeal to Beretta enthusiasts.

MODULAR.

Constructed of five assemblies which are easily disassembled without tools, the U22 Neos is manufactured in the classic Beretta blue or inox to satisfy the tastes of all shooters. The ergonomic grips in fiberglass reinforced technopolymer with anti-slip finish can be substituted with optional colored or rubber inlay grips.

PERFORMING.

Reliable, durable, easy to maintain and notably precise thanks to the 6" barrel featuring an integral rail that accepts Weaver style scope mounts, and a fully adjustable target rear sight. The firearm is also equipped with a cocked firing pin indicator at the rear of the pistol. The single stack magazine made from inox steel (with a 10 round capacity) boasts a practical device which facilitates loading. The ambidextrous manual safety can be engaged either with the firing pin cocked or uncocked.
