

Burriss Eliminator III Laser  
Rangefinding Rifle Scope 4-16x  
50mm Adjustable Objective X96  
Reticle Matte

**Product Information**

Hunters have gained confidence and extended their effective range with the Burriss Eliminator. With the Eliminator III, hunters will feel

even more confident with the X96 ballistic reticle. The X96 give the shooter additional range, windage compensation, and is spot on anywhere through the 4-16x power range. Any magnification, any caliber and nearly any range! With the Eliminator III hunters can range the target and almost instantly receive distance and an illuminated holdover point calculated from the specific ballistic information of your ammunition. The updated ergonomic button designs and enhanced extreme range ballistic programming make this unit as simple and effective as possible. The Eliminator III is the ultimate in long range hunting optics and provides a level of sophistication only dreamt of until now. With the Eliminator III you receive set up instructions as well as an extensive ballistic chart to match your specific load to the scope.
