- Caliber: .177
- Trigger Pull: 3.74 lbs
- Barrel Length: 18 in

The Whisper Fusion offers all-weather durability combined with maximum performance. Light weight synthetic stock, match grade fluted barrel, and 1300 fps with PBA make the Whisper Fusion

perfect for small game hunting, targets, and pest control. The IGT (Inert Gas Technology) is a new advanced technology from Gamo for Adult Break-Barrel Air Rifles. This innovative technology allows shooting pellet ammunition by use of a pneumatic inert gas cylinder instead of conventional spring technology. Fluted Polymer Jacketed Steel Barrel with WHISPER FUSION Double Integrated Noise Dampening Technology. Gamo® is introducing “The Quietest Quiet Gun™” air rifle when it releases the new Whisper® Fusion® and Whisper Fusion Pro line in 2013. With its patented double integrated noise dampening technology making the shot nearly undetectable to pesky varmints, the Whisper Fusion also offers exclusive Smooth Action Trigger (SAT™) and Shock Wave Absorber (SWA™) features, making it a must-have
